

Warrington Collegiate

Higher Education on your doorstep ...

Chris Gillies
Certificate of Education

Former School: Penketh High School

Why did you choose to come to Warrington Collegiate?

I had previously completed some evening courses at Warrington Collegiate which I really enjoyed. Because of this Warrington Collegiate was always my number one choice.

Why did you choose the Certificate in Education?

Part of my role at work was to support and train people on the use of ICT. I already had a number of ICT related qualifications so I felt a teaching/training qualification would supplement that perfectly. Originally I signed up to the PTTLS course but after completing a number of assignments my tutor felt that I would gain a lot more from the Certificate in Education. My transfer from PTTLS to the Cert Ed was handled with the utmost efficiency and all of my tutors were wonderfully supportive. It was definitely the right decision to move on to the Cert Ed and I will always be grateful to my tutor for encouraging this

What do you like about the course?

My college mentor, tutors and fellow students were all fantastic. Because of them I feel that I have learnt a lot in a relatively short space of time.

What do you plan on doing when you complete the course?

Since completed the Certificate of Education qualification I now teach as well as provide ICT support and training.

What have you enjoyed most about the college?

I have enjoyed meeting new people and whilst, at times, it was hard work the purpose and feeling of satisfaction gained was incredible.

'Inspiring learners to achieve higher ambitions'
