Welcome to Warrington Collegiate: **Your College**

Whether you are thinking about a career change, would like to progress in your existing career or would simply like to learn more about a subject you enjoy, we know that returning to college is a big decision and one that can have a significant impact on your future.

At Warrington Collegiate, we aim to offer all our students a high quality learning experience, delivered within a supportive environment. The college has a long-standing reputation for providing excellent vocational courses and we are committed to offering educational opportunities which are tailored to meet your individual needs.

We are the largest college in Warrington and have a fantastic campus with outstanding facilities as well as dedicated and experienced tutors to help ensure that your time at college is both successful and enjoyable.

2010/11 has been a particularly successful year for Warrington Collegiate. The year commenced with a very successful Ofsted inspection, following which the college was judged to be a 'good college with outstanding features.' These results confirm our position as one of the best colleges in the North West. Our students agree with this judgement, awarding us one of the highest scores of any college in the region for the quality of our courses. We are very proud of these achievements as they reinforce the hard work and commitment of our staff and students.

Warrington Collegiate is **your college** and I hope we can help you achieve **your goals**.

Paul Hafren

Principal / Chief Executive

Why **choose** Warrington Collegiate?

Whatever your age, career ambitions or lifestyle, we are sure to have the ideal course for you.

- One of the best colleges in the North West, confirmed by our Ofsted inspection in October 2010 and by the feedback from our students
- Experts in Vocational Education
- Extensive range of Advanced level courses, with many learners progressing to prestigious Universities all over the country
- Expanding range of Higher Education and professional courses
- An outstanding campus with fantastic facilities

How to use **your** Course guide

To help you to decide which type of course is best for you, we have divided your course guide into 5 different sections, ranging from full-time qualifications to short leisure courses. Just find the heading that best describes what you would like to do and turn to the relevant section of the guide for more information.

Learning Full-time (page 9)

A wide range of full-time vocational courses leading to a variety of nationally recognised qualifications. Ideal if you would like to change direction or if you are currently unemployed and your present circumstances will enable you to study full-time. This section also includes information about Access to Higher Education courses, which are perfect if you want to go to University in the future but don't yet have the necessary qualifications.

Learning Part-time (page 14)

A wide range of part-time vocational courses leading to a variety of nationally recognised qualifications, giving you the flexibility to earn while you learn. Ideal if you would like to improve your future career prospects or even if you are thinking of a change in direction.

Apprenticeships (page 20)

Apprenticeships offer an excellent way of gaining a qualification whilst working full-time and are suitable for both young people and adults. Ideal if you are already employed in your chosen area of work but would like to enhance your skills and gain an industry recognised qualification.

Higher Education & Professional Qualifications (page 23)

A wide range of predominantly part-time higher education and professional qualifications. Ideal if you would like to improve your future career prospects by gaining an appropriate higher level or professional qualification and you wish to combine learning with full or part-time employment.

Languages & Leisure Courses (page 27)

A wide range of short courses which have been designed to help you make the most of your leisure time. Ideal if you would like to learn a new language or a new skill, or simply find out more about a subject that you are interested in.

Your money matters

Funding for students is changing for the 2011/12 academic year. Whatever your financial circumstances, it is well worth speaking to our Guidance & Welfare Team in Learner Services who will be able to advise whether you are eligible for any financial support.

You may be eligible for tuition fee remission. This means that you may only need to pay your registration fee for the course, plus any additional costs (e.g. equipment).

Tuition fee remission is available if you are studying a Skills Funding Agency (SFA) funded, classroom based course and you are*:

- In receipt of Job Seekers Allowance (JSA) or Employment Support Allowance (ESA) in a work related activity group
- An adult without a level 2 qualification undertaking a level 1 qualification as a progression route to a level 2
- An adult aged undertaking their first full level 2 qualification **
- An adult aged 19-24 undertaking their first full level 3 qualification ***
- An adult aged 25+ undertaking their first full level 2, 3 or 4 qualification who does not already hold a full level qualification
- An adult undertaking an Adult Basic Skills qualification (ie literacy and numeracy)

* Suitable evidence must be supplied at the time of enrolment. Students must complete and sign a declaration form at the time of enrolment to receive level 1, full level 2 or full level 3 fee remission.

**Full Level 2: free course to adults who do not already have a qualification at this level.

***Full Level 3: free course to adults, aged 19-24, who do not already have a qualification at this level.

If you are interested in undertaking an Apprenticeship or you are an employer who would like more information, please contact our Apprenticeship Department on 01925 494494.

If you are aged 16-18, **you will not pay any tuition fees.**

You can pay for your course by cheque or bank card. Alternatively it may be easier for you to spread the cost of your course over several payments, rather than paying in one lump sum. Payment can be spread over 9 monthly instalments depending on the duration and type of course. There is a £15 charge for setting up an instalment plan for courses up to £399.99, and a £25 charge for courses costing £400.00 or more. If you would like more information about this, please ask in Learner Services or contact the Enrolment Hotline on 01925 494400.

Learner Support funds for students aged 16-18 and 19+ years are available. Please come in to Learner Services to discuss whether you may be eligible to access these funds. The funds can be used to help you with the costs associated with studying, including travel, equipment, uniforms, trips and residentials, as well as helping those in financial hardship. There are also funds available to help students pay for childcare whilst they are at college.

Support for **your Learning**

At Warrington Collegiate we pride ourselves in providing high quality support and, whatever your needs, our friendly and experienced staff will be pleased to help.

Information Advice & Guidance

Our guidance and welfare advisors are trained to provide a wide range of services in areas such as finance, personal or welfare concerns, disability, higher education and careers. We are holders of the Matrix award, an essential quality kitemark for information, advice and services, which ensures that we maintain high standards and continuously improve our service to you.

Study Skills Support

A wide range of study support is available to help you to succeed in achieving your goals. Support is provided by our helpful and experienced staff and includes help with study skills such as assignment writing, as well as support with essential skills such as Maths, English or IT. We can also provide specialist support if you have a learning difficulty or disability, as we will also help you to access any specialist equipment that you require.

Equality & Diversity

Warrington Collegiate is committed to providing an inclusive learning environment and welcomes diversity in its student population – valuing differences in race, gender, sexual orientation, disability, religion or belief, class and age. We do not tolerate any form of discrimination or harassment. The college recognises its responsibility to promote equality of opportunity for all students and staff.

Our Equality and Diversity Co-ordinator provides advice, guidance and support for students and staff about all issues related to equality, diversity and inclusion.

It is a wonderful place to learn. The tutors are **terrific**. I have really learned a great deal.

Your guide to qualifications

Choosing the right level

Qualifications are available at a variety of different levels and the right level for you depends on your existing qualifications and also on your work experience. Please refer to the table below to help you decide which level is right for you.

Entry Level	Entry level qualifications are for beginners and are designed to assist you in gaining basic knowledge and skills
Level 1	Level 1 courses are designed to enable you to gain a basic level of knowledge and skills in the relevant subject area and are the first step in gaining a vocational qualification
Level 2	Level 2 qualifications are equivalent to GCSEs and provide you with an intermediate level of knowledge and skills
Level 3	Level 3 qualifications are the equivalent to A levels and provide you with advanced knowledge and skills. Level 3 qualifications also provide an ideal progression route to higher education
Level 4	Level 4 qualifications are at higher education level and are equivalent to the first year of a university degree
Level 5	Level 5 qualifications are at higher education level and are equivalent to the second year of a university degree
Level 6	Level 6 qualifications are at higher education level and are equivalent to the third and final year of a university degree
Level 7	Level 7 is equivalent to Masters Degree level

If you would like further help in deciding which qualification or which level is right for you, please contact our Learner Services team on 01925 494400 for assistance.

Learning Part-time

If you would like to study for a qualification to improve your future career prospects or you are thinking about a change of direction, the courses in this section are ideal for you. Part-time qualifications are available at a variety of different levels and the right level for you will depend on your existing qualifications and also on your previous experience. Most of the courses take between one and two years to complete and all are studied on a part-time basis, giving you the flexibility to earn while you learn.

“My experience at **Warrington Collegiate** has been great and the course will enable me to **progress** with my chosen career. I have also made some great friends and colleagues.”

Emma Ivanovic

Apprenticeships

Apprenticeships offer an excellent way to gain a qualification whilst working full-time and are suitable for both young people and adults of any age who are already in employment. An Apprenticeship will support you in gaining both the theoretical knowledge and practical skills in your chosen area of work and lead to an industry recognised qualification. Some Apprenticeships are delivered on a day-release basis meaning that you will spend one day per week in College, whilst others are completely work-based. As an Apprentice you would be paid by your employer whilst you are training and learning, giving you the flexibility to earn as you learn.

I came to **Warrington Collegiate** as a Level 2 Plumbing student with the intention of getting an apprenticeship leading into a job. My expectations were exceeded. This year I won the regional Plumbing Apprentice of the Year, which then took me to the national final in Swindon which I also won! The tutors have always **inspired** me to push myself and raise the standards of my work. I would always **encourage** others to go into a trade as the course and skills I have gained have set me up for life.

Higher Education & Professional Qualifications

If you would like to study for a higher level or professional qualification, the courses in this section will help you in taking the next step. Higher Education and Professional qualifications are predominantly delivered on a part-time basis giving you the flexibility to earn while you learn. Most qualifications take between one and two years to complete and are available at a variety of different levels, with the right level for you depending on your existing qualifications and experience.

Returning to full-time education was a bit scary at first but the staff at Warrington Collegiate were **warm and welcoming**. I have just been offered a place at the University of Central Lancashire to study as a Child Nurse. I also volunteer at Alder Hey hospital in my spare time.
