# Why study...

## English & Maths?

Most universities ask for a GCSE in English Language and/or GCSE maths at grade C or above (grade 4 under the new grading system), in addition to a level 3 qualification.

**If you do not have a GCSE English and/or maths at grade C or above, Mid Cheshire College offers a range of courses which can be studied alone or alongside an additional qualification.**

This will be discussed with you during your admissions interview. We have a number of courses available to help you reach your full potential in English and maths.

**Name:**  
Alex Massey  
**Course:**  
Science

**"When I started the course I didn't have a high enough grade in maths so the college offered me the chance to resit GCSE maths. Thanks to that I have literally worked my way from the bottom to where I am now. Having my GCSEs and my qualification in science means I have a better chance of being accepted into university."**
